Dear Students,

Overall grades for the final term will be determined from:

1) **Attendances (10%)**
2) **Class Performance (10%)**
3) **Programming Assignments (25%)**
   - ✓ **Due date for submission is April 7, 2020 (Till 11 pm)**
   - ✓ **Best 5 will be counted out of the 8 programming assignments**
   - ✓ **For submission of each programming assignment, a link is given in AIUB portal. Please upload them accordingly.**
   - ✓ **Programming assignments are listed below:**
     - Graph Representation (Version 1)
     - Graph Representation (Version 2)
     - BFS
     - DFS
     - Topological Sort
     - Prim's Algorithm
     - Kruskal's Algorithm
     - Dijkstra
   - ✓ **Don't forget to make comments for the core part of your algorithm**
4) **Written Homework Assignments (25%) [Best 1 out of 2 will be counted]**
   - ✓ **Due date for submission is April 10, 2020 (Till 11 pm)**
   - ✓ **Best 1 will be counted out of 2 homework assignments.**
   - ✓ **For submission of each programming assignment, a link is given in AIUB portal. Please upload them accordingly.**
     - HW-1
     - HW-2
5) **Viva (30%)**
   - ✓ **Viva will be conducted on April 13, 2020 (8 am - 11pm)**
   - ✓ **Viva will be taken via Microsoft Teams**
   - ✓ **Questions for the viva exam will cover all the syllabus of the final term**
   - ✓ **You will also be asked few questions from your programming assignments. So, make sure that your programs are running fine before your viva starts.**
