I. Implement selection Sort Algorithm using C/C++.III.Below is a list of employee and their salaries. Write a program that sorts the employees according to ascending order of their salaries. Hint: Use selection Sort

Employee 1	TK22000
Employee 1	TK11750
Employee 1	TK14500
Employee 1	TK10900
Employee 1	TK 24300
Employee 1	TK12800
